

Prime Therapeutics Pharmacy Services

At Prime Therapeutics, our goal is to give you the best service and resources to help you make better healthcare decisions. As a member of the Smoking Cessation Trust program, you have access to certain smoking cessation medications available to you at NO COST.

Filling Your Prescriptions

Present your SCTMS benefit card (attached to the letter) to fill prescriptions for covered products at our participating pharmacies. There are NO COSTS associated for products covered under this program. For a complete list of participating pharmacies, visit <https://primetherapeutics.com/member/documents> or call 800-424-0472.

There are mandatory generic substitutions on certain medications and limits to the availability of the approved smoking cessation medications listed below. All medications require a valid prescription from your physician in order to have it filled. Please see the chart below for a complete list of the eligible medications covered under the Program. Mandatory generic substitution means that a brand medication will not be covered if a generic equivalent is available.
